

SCEH 2020 FAQ

Where do I get the slides or handouts?

We will be sending a link to all attendees post conference. Workshop hosts may also have shared slide and handout links live during the workshops. Not all Presenters are sharing their materials.

Can I email you my CE Packet?

No. Our CE Partner requires signed, hard copies mailed back to us.

Where and when do I send my CE Packet? When will I get my CE verification documentation?

Mail your completed and signed materials to the address listed on the first page, postmarked no later than 11/30/2020. You will receive CE verification from our partner, The Institute for Continuing Education, by mail, approximately 2-3 weeks after that. We suggest mailing in your CE Packet immediately after the conference to be included in the first batches processed.

I forgot to sign up for some of the Networking Sessions but want to attend. What do I do?

There is no CE for these sessions, and all registered attendees are welcome to attend by using the Meeting IDs and Passcodes for those events.

I have a question.

Most answers can be found in the [Conference Program](#) which has an easy to use Table of Contents. That will get you the fastest answer to your question.

I don't know how to use Zoom.

Read our SCEH 2020 Attendee Quick Guide and follow the recommendations outlined. We are a small organization and regret we can't provide you with technical support. The Zoom website (www.zoom.us) has good tutorials and info on testing your system so you can use its platform. Do this BEFORE the meeting so you can address any issues.

I'm interested in certification. Do you offer other training program?

Indeed we do. For info on upcoming events, see www.sceh.us/annual-conferences. For info on our certification program, see www.sceh.us/certification.

Where do I join?

Start here: www.sceh.us/apply-for-membership.

Is there going to be a virtual Awards event during the conference?

We are planning to hold our Annual Awards celebration after the conference. Watch your email or sign up for our email list to get an invitation. We look forward to recognizing leaders in the hypnosis community and to celebrating online with one another soon.

What is the Keynotes Schedule?

Saturday, October 17

9:45-10:45 AM PDT
