April 29 – May 2, 2022

Co-sponsored by SCEH and The Institute for Continuing Education; Supported by APA Division 30

Put new found knowledge and skills into immediate practice with clients and patients.

Clinical hypnosis is a powerful, evidence-based tool that allows medical and psychological healthcare providers to help patients and clients address a myriad of issues. SCEH workshops are of the highest teaching quality and feature experiential learning so you can put learned concepts into immediate practice. Our workshops meet accepted Standards of Training in Clinical Hypnosis, include CE and count toward SCEH Certification Programs.

Earn 12.5 CE credits for Introductory and Intermediate Tracks or up to 10 CE for Advanced Track.

- **Introductory/Basic – Foundations of Clinical and Applied Hypnosis**
- **Intermediate/Skills – Intermediate Training in Clinical and Applied Hypnosis**
- **Advanced – Four sessions, trauma theme. Sign up for individual sessions or attend all four.**
 - ❖ **Hypnosis to Enhance Evidence-Informed Treatment for Traumatic Stress**
