

## **SCEH Confidentiality Statement for Attendees and Presenters**

### **Confidentiality Statement for Attendees – Society for Clinical and Experimental Hypnosis**

Any clinical material discussed in a presentation at a SCEH conference or event is provided for professional education purposes only and should not be discussed outside the context of professional education. Clinical narratives and discussion of actual treatment interactions are confidential and may not be disseminated in any form or discussed with other audiences.

Any information provided in a presentation at a SCEH conference or event that is originated by the presenter (for example, new models, handouts, and publications) should not be disclosed to any other person unless it is attributed to the presenter. Written material may not be reproduced in whole or in part, without the prior consent of the presenter and attribution to the presenter. Any form of reproduction, dissemination, copying, disclosure, modification, distribution, and/or publication of this material without consent and attribution is strictly prohibited.

It is the policy of the Society for Clinical and Experimental Hypnosis (SCEH) to review the professional credentials and the professional experience of the presenters with respect to the topic(s) of their presentation(s). However, the contents of this presentation reflect the professional and personal perspectives of the presenter, and do not necessarily represent the official positions of SCEH.

I have read SCEH's Statement of Confidentiality, presented above. I agree to abide by the requirements of this policy.

### **Confidentiality Statement for Presenters – Society for Clinical and Experimental Hypnosis**

I attest that any clinical material provided in my presentation(s) is utilized with the patient's informed consent. I attest that any patient-related material I present will be de-identified carefully and sufficiently, so that the patient's identity cannot be detected.

I agree that my discussion of patients will demonstrate respect for them as persons with respect to gender, age, ability, race, ethnicity, national origin, sexual orientation, socioeconomic status, non-faith, and faith perspectives; I agree to avoid excessively pathologizing patients in my remarks during the presentation or describing them in a stereotypical, degrading, or defamatory manner.

I have read SCEH's Statement of Confidentiality for Presenters, included above. I agree to abide by the requirements of the policy. I understand that SCEH may decide not to engage me as a presenter in future conferences, workshops, or training sessions if I fail to abide by this policy.
