EVENT WILL BE HELD VIA ZOOM – REGISTER AT: <https://www.eventbrite.com/e/creativity-and-hypnosis-tickets-111188600096>

Program Offers 1.5 APA CE for Psychologists and 1.5 BBS CEU for Counselors and Social Workers

How can we use hypnosis to provide more positive states with clinical populations, or to help individuals tap into more generative mental capacities to perform more efficiently, and have more fun in life? This online presentation will answer these questions, and provide hypnotic tools for creativity, and give an overview of the scientific literature of hypnosis and creativity.

This 90-minute presentation provides an overview of the history and theory of hypnosis and creativity research, as well as clinical aspects discussed in the scientific literature of creativity. It will also give suggestions for techniques and an overview of treatment planning with case studies from the presenter's practice, as well as ideas for integration creativity work into therapy and hypnotic settings will also be discussed.
